

Manish Agrawat

📞 9996204261 — ✉ manishagrawat2002@gmail.com — [🌐 LinkedIn](#) — [🐙 Github](#) — [Portfolio](#)

Summary — Experienced Full-Stack Developer with expertise in MERN stack (React, Redux, Node.js, Express, MongoDB) and frontend technologies (HTML, CSS, JavaScript, Bootstrap, Tailwind). Skilled in RESTful APIs, authentication, file handling (Multer Cloudinary), and database management. Hands-on experience with Zoho Catalyst for cloud-based app development and integration.

Experience

Frontend Developer — Trigya Innovations Pvt Ltd (Zoho Premium Partner) Jan 2025 – Present

- Leading the development of a scalable **e-commerce platform** using **React**, **Redux Toolkit**, **Tailwind CSS**, and **JavaScript** on the frontend, and **Node.js** with **Zoho Catalyst** for backend services.
- Implementing complex features such as **data mapping**, **admin functionalities**, and **lead management workflows** with dynamic API architecture.
- Utilizing **Zoho Catalyst** for **serverless functions**, **authentication**, **data storage**, and **file management**, enhancing application scalability and security.
- Managing complete **API integration**, optimizing **UI/UX**, and collaborating cross-functionally to improve product reliability and performance.

Full-Stack Developer — Kodu – Powered by Dhurina Jan 2024 – Dec 2024

- Completed 1-year training and internship focusing on building full-stack web applications using React.js, Node.js, Express.js, and MongoDB for dynamic, data-driven platforms.
- Developed and maintained secure REST APIs, integrated Google Authentication, and implemented media upload functionality using Multer and Cloudinary.
- Collaborated with designers and QA teams to enhance performance, ensure security compliance, and improve user experience across different browsers.
- Gained hands-on experience in the full software development lifecycle, including development, testing, and deployment.

Skills

Frontend Development

HTML, CSS, JavaScript, React.js, Redux Toolkit, Bootstrap, Tailwind CSS, API Integration

Backend Development

Node.js, Express.js, MongoDB, Multer, Cloudinary, Google Auth, REST APIs

Tools/Platforms

Zoho Catalyst (Serverless Functions, Authentication, Data Store), Git, GitHub, VS Code, Postman, Firebase (Auth)

Projects

Tasty Burger Restaurant App

[Demo Link](#)

Developed a dynamic React-based restaurant app showcasing menus and contact info with responsive design for a seamless user experience across devices.

Book Store MERN Application

[Demo Link](#)

Built a full-stack MERN book store app with role-based authentication, admin features (inventory management), and client features (Google authentication, order management).

Fullstack To-Do Application (MERN Stack)

[Demo Link](#)

Created a full-stack to-do app using MERN, with JWT-based authentication, a responsive UI, and CRUD operations for managing personalized to-do lists.

Education

Maharishi Dayanand University, Rohtak

Bachelor of Arts — 2021 – 2024

Haryana Knowledge Corporation Limited, Rohtak

Diploma in Computer Applications — 2021 – 2022

Certifications

- **Full Stack Development Certification** – Kodu Powered by Dhurina (2024)
- **React Hooks Crash Course** – GreatStack (2024)
- **Developer and Technology Job Simulation** – Forage (2024)
